Projects

Join in - *team member*

February, 2022

- Designed and developed a full stack application with a team for our second bootcamp project.
- Used SQL and express to create a social app to challenge friends to reach new goals.

I choose you, - *team member*

April, 2022

- Designed and developed full stack application with a team for our final bootcamp project.
- Used MongoDB, graphql, and react to create a tool for Pokemon fans, to create the optimal team for any generation of games.

EDUCATION

University of Washington, Seattle, WA - *Full Stack Web development certificate*

October 2021 - April 2022

In this bootcamp, I learned many key modern web technologies and development fundamentals. This bootcamp was largely focused around JavaScript development, teaching Node.js, React, and GraphQL. We also used both SQL and MongoDB for our application databases.

Lake Washington High School, Kirkland, WA - *High School Diploma*

September 2014 - June 2018
